

# SHIRE-WIDE PLANNING PROCESS

1. This easy to follow flow chart shows all the steps involved in the Shire-wide Planning Process.

2. There are 3 main documents to be produced – Local Environmental Plan, Local Environmental Study and Development Control Plan. The exhibition of the first two (LEP & LES) items will occur separate from the third (DCP) document.

3. After public exhibition of the draft Shire-wide LEP documents, a report to Council and to the Department of Planning, the final stage of the process is for the Local Environmental Plan to be gazetted.
