Durrumbul Hall is a perfect example of architecture capturing the North Coast alternative vibe, right down to the fact that this beautiful Hall was built by the community, for the community.

This classic mud brick hall is solar powered (with 3-phase power), with new lighting and fans. A large and practical kitchen space is also available. The Hall features deep shady verandahs on two sides, with multiple double doors opening all around the perimeter, providing good airflow and a sense of bringing the outdoors in.

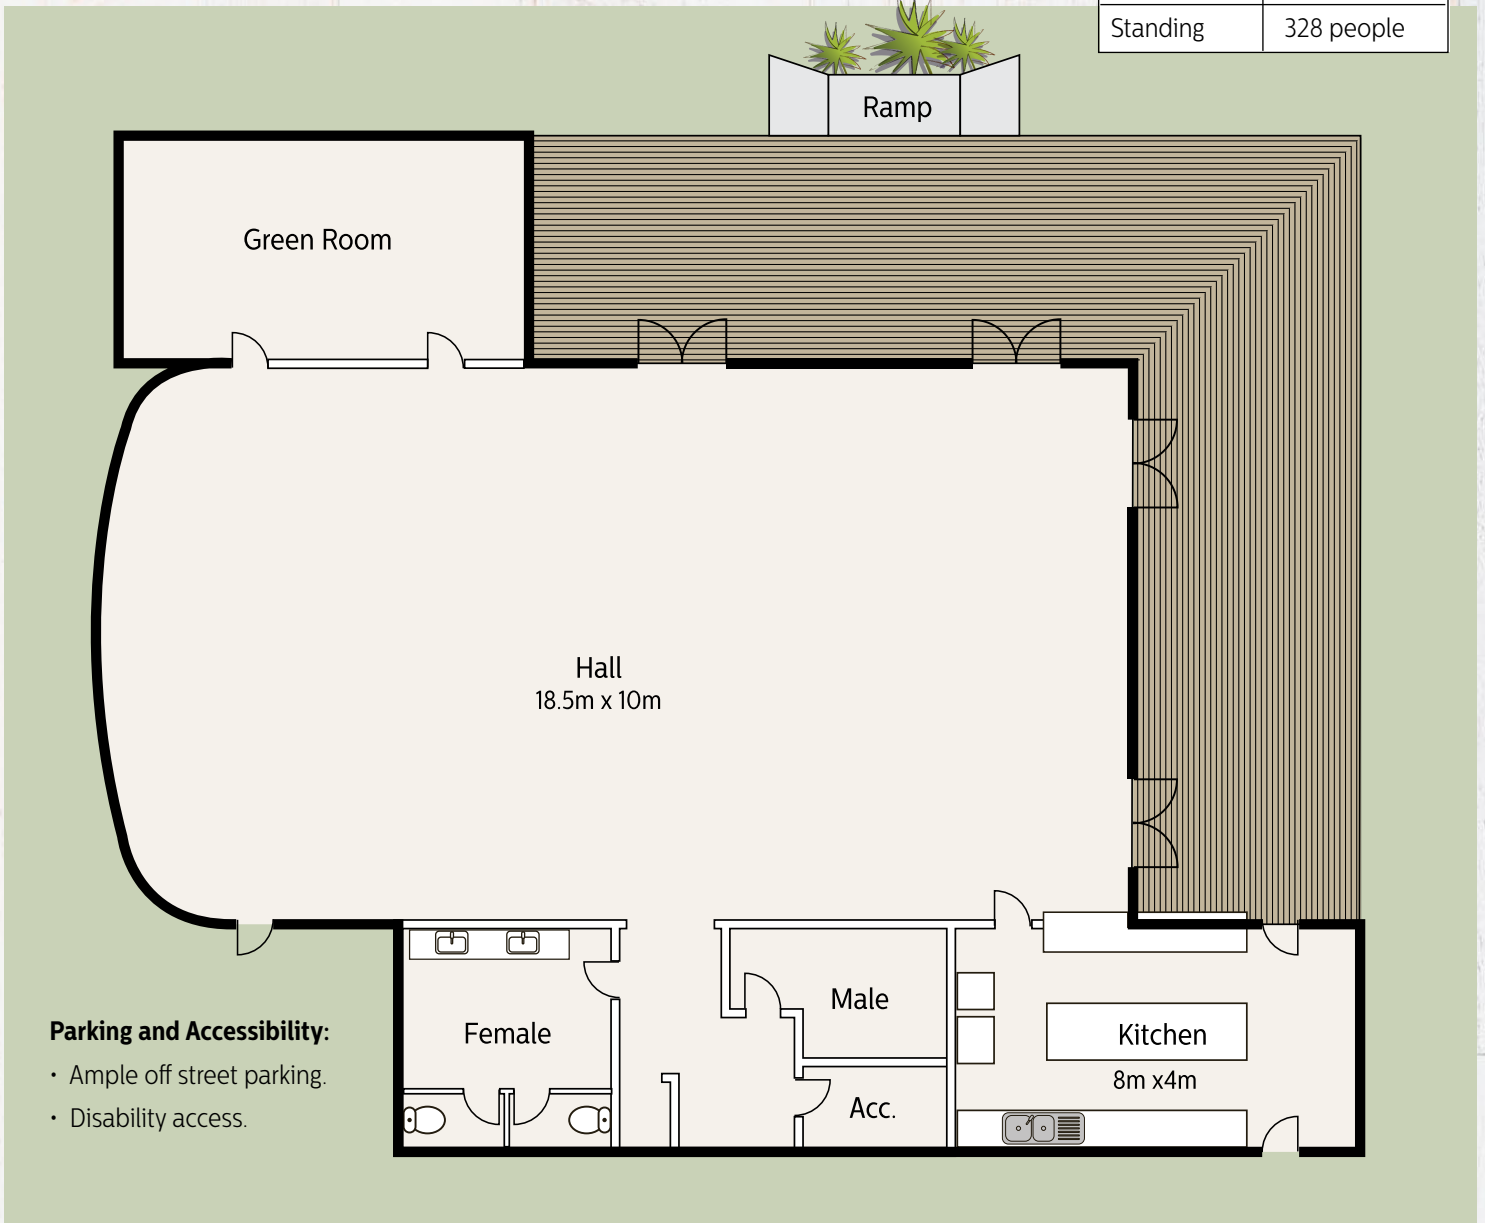

Just five kilometres west of Mullumbimby in a beautiful rural neighbourhood, Durrumbul Hall is set in parklike gardens with mature trees and grassy surrounds. The grounds are ideal to be used for events, if the hirer lodges a Development Application for Council approval.

Durrumbul Hall

COUNCIL RATE DESCRIPTIONS

Community Rate means:

Community rate must meet the following guidelines:

Not-for-profit incorporated community organisation and a certificate of incorporation to be provided; OR

A community group that is not incorporated and does not generate any income for the group or any individual; OR

Registered as an income tax exempt charity (ITEC) with the ATO and evidence to be provided; OR

If fund-raising on behalf of a charity - with all funds raised to be provided to the charity - a letter of support from the registered charity to be provided.

Commercial rate means: Any activity that generates income from the use of Council owned or managed land that is assessed as not meeting the definition of Community Rate.

Standard rate means: Any activity that does not generate income from the use of Council owned or managed land that is assessed as not meeting the definition of Community Rate.

Private Hire means: A genuine private function that is not open to members of the public.
