Durrumbul Hall is a perfect example of architecture capturing the North Coast alternative vibe, right down to the fact that this beautiful Hall was built by the community, for the community.

This classic mud brick hall is solar powered (with 3-phase power), with new lighting and fans. A large and practical kitchen space is also available. The Hall features deep shady verandahs on two sides, with multiple double doors opening all around the perimeter, providing good airflow and a sense of bringing the outdoors in.

Just five kilometres west of Mullumbimby in a beautiful rural neighbourhood, Durrumbul Hall is set in parklike gardens with mature trees and grassy surrounds. The grounds are ideal to be used for events, if the hirer lodges a Development Application for Council approval.
