

Application for Fee Relief from Waste Disposal Charges at the Byron Resource Recovery Centre (BRRC)

This application is for fee relief from disposal charges at the Byron Resource Recover Centre for not-for-profit community organisations under the Byron Shire Councils adopted policy 12/019.

To assist not-for-profit community organisations in the delivery of services, Council has endorsed the following guidelines for fee relief from waste disposal charges at the Byron Resource Recovery Centre, located at 115 The Manse Road, Myocum:

Council will provide credit to the value of \$2168.00 for the 2023/2024 financial year, indexed yearly in accordance with waste management fees, at the Byron Resource Recovery Centre for each bonafide not-for-profit organisation that runs either:

- a disposal store for the sale of second hand and reusable items within the Byron Shire Local Government area, with the waste generated being from within the Byron LGA, and proceeds from the organisation benefitting the local (Northern Rivers) community; or
- a not-for-profit community group that cleans up public land.

To ensure adequate records are maintained for this service, eligible organisation must apply to Council in writing each year prior to utilising this service.

To ensure transparency and accountability, eligible organisations must qualify for fee relief by providing proof of being a registered not-for-profit charitable organisation including confirmation of the ABN for the registered not-for-profit organisation.

If an eligible organisation wishes to request an expansion of this service, then that organisation must apply to Council in writing each year as part of any broader Section 356 donation process and budget Council is administering on an annual basis.
